Such permits shall authorize the taking of American eels for sale, as specified, with eel pots from waters designated below. Such permits shall be valid so long as the harvest of American eels in the Commonwealth is not prohibited by other state or federal law or regulation.

B. Eligibility: To be eligible, applicants must have reported harvest of at least one pound of American eels from Back Bay or North Landing River or their tributaries via reports submitted through the Virginia Marine Resources Commission's Mandatory Harvest Reporting Program during the period January 1, 2007 to December 31, 2012, both dates inclusive. The reported harvest must have occurred while the applicant held a valid commercial fish pot or eel pot license issued by the Virginia Marine Resources Commission.

Note: Based on the above requirements, with cooperation from the Virginia Marine Resources Commission, VDGIF has developed a list of those individuals who are eligible.

C. It shall be unlawful for permit holders to possess elvers. It shall be unlawful for permit holders fishing eel pots to take any species other than American eels. For the purposes of this permit, the term "elver" shall mean any American eel of less than six inches in total length. It shall be unlawful to place, set or fish any eel pot which has a mesh less than 1/2- inch by 1/2- inch. It shall be unlawful to place, set or fish any eel pot unless such pot contains at least one unrestricted 4-inch by 4-inch escape panel consisting of 1/2-inch by 1-inch mesh. The permit holder's last name and eel pot permit number must be permanently attached to buoys of all eel pots set. The maximum number of pots authorized per permit holder under this permit shall be 300.

D. American eels may be taken with eel pots in Back Bay and its natural tributaries (not including Lake Tecumseh and Red Wing Lake) and in North Landing River from the Virginia/North Carolina state line to the Great Bridge locks in the City of Chesapeake.

E. It shall be unlawful for any person to ship or otherwise transport any package, box or other receptacle containing fish taken under an eel pot permit unless the same bears the permit holder's name and address.

F. Failure to comply with the daily harvest and sales reporting requirements, as detailed in conditions of permit issuance, shall be unlawful, and may result in immediate permit revocation. It shall be the permit holder's responsibility to report "No Activity" when no activity occurs during a monthly reporting period.
