

a problem. The river here is scenic and in fact, you may not see another float. Fishing in this stretch can be excellent for sunfish, smallmouth bass, and Roanoke bass. Most of the catch. This is a long trip with beautiful looking fishing waters. Anglers need to be ready when they reach the lower rapids before nightfall.

Double Bridge (Rt. 619) to Rt. 630 (Approximately 5 miles)

Put in at the VDGIF boat ramp on the VDGIF boat ramp at the Rt. 630 bridge stretch, mostly flat with just a few rapids. Enjoy having the time to fish for Roanoke bass, and redear sunfish that inhabit this area.

Redbreast sunfish are also common here.
