Name of Shooting Preserve _____

-
1. Signs designating the area as a "Licensed Shooting Preserve" are placed not more than 50 yards apart, along all boundaries.
 2. To propagate pen-raised birds on a Shooting Preserve: a Propagation Permit for \$12.50 must be obtained prior to the propagation of any birds listed on the Shooting Preserve License. The Propagation Permit is required in addition to the Shooting Preserve License.
 3. Preserve operator must understand hunting license requirements, (29.1-304 and 29.1-300 of the Code of Virginia), including blaze orange requirements.
 4. Tags or bands for shooting preserve birds should include a preserve number and serial numbers.
 5. Hunter Register includes places to record: a) Hunter's name (successful or not), Address, Hunting license number, b) Date hunted, c) Number, species and tag/band number for game taken, d) Records retained for previous 2 years (if applicable).
 6. Preserve operator must complete and return the Shooting Preserve Annual Report to DGIF Permits Section by May 30th each year that summarizes the total number of individuals hunting.
 7. The preserve must have a minimum of 100 acres and said area must consist of a single tract, or contiguous tracts of land.
 8. Prior to obtaining a (new or renewal) license from the DGIF to operate a commercially operated shooting preserve an applicant shall (i) notify adjoining landowners of the proposed use and (ii) obtain approval from the governing body of the county, city or town that such activity is permitted under existing ordinances (Section 29.1-514). This requirement does not apply to private shooting preserves, or to commercial preserves first permitted before, or applied for before, July 1, 1993.
 9. The preserve operator may sell surplus authorized birds for food, provided that all birds are packaged individually, and all packages clearly identify the contents and the name and address of the operator, or they may be sold alive to other authorized permittees, or they may sell the same to individuals for their personal use within 48 hrs. A complete record of sale shall be maintained for each such disposition.
 10. There shall be no daily bag limit on game birds.

I have read and understand the permit conditions outlined above.

**VIRGINIA DEPARTMENT OF GAME AND INLAND FISHERIES
SHOOTING PRESERVE CONDITIONS**

I. GENERAL PROVISIONS APPLICABLE TO ALL SHOOTING PRESERVES:

- 1) **RECORDS/REPORTS:** The licensee is responsible for keeping a register of the names, addresses, and hunting license numbers of all hunters (successful or not), the date(s) hunted, the number of each species taken, and the numbers of the tags, or bands, placed on the game. Such records shall be retained for at least two years. Records will be open to inspection by authorized Department personnel at any reasonable time. The licensee shall be responsible for providing annually, to the Virginia Department of Game and Inland Fisheries, no later than 30 days following the end of the shooting preserve season, a report summarizing the total number of individuals hunting, a total of each species released, and a total of each species taken, on a form provided by the Department.
- 2) **ACREAGE:** The area shall have a minimum of 100 acres and said area must consist of a single tract, or contiguous tracts of land, as shown on the application. There shall be no maximum size. Multiple shooting preserves, operated by the same licensee, shall not be contiguous with each other. The licensee shall own or have the area under lease.
- 3) **AREA IDENTIFICATION:** Signs designating the area as a "Licensed Shooting Preserve" must be placed not more than 50 yards apart, along all boundaries.
- 4) **HUNTERS:** All persons hunting, or assisting in the hunting, on the Preserve shall have a valid resident, or nonresident, Virginia hunting license. A license for nonresidents to hunt exclusively on Shooting Preserves is available for \$22.00 plus \$1.00 agent issuance fee. All hunting of any game, other than the pen-raised species authorized, shall conform to the general season bag limits, and licensing requirements of the species concerned. All hunters must comply with the blaze orange law.
- 5) **TAGGING/TRANSPORTING BIRDS:** The licensee shall be responsible for affixing a serially-numbered tag, or band, bearing the Shooting Preserve number to every bird, or package of birds, taken within the regulated area. Licensee must give notice to each person transporting game that the bands, or tags, must remain with the game until it is finally prepared for consumption, and that shot game may be disposed of only by gift. (**NOTE:** Suitable tags or bands may be obtained from National Band and Tag Company, P. O. Box 72430, 721 York Street, Newport, Kentucky 41702-0430, 859-261-2035, Fax: 800-261-8247.)
- 6) **SURPLUS BIRDS:** The licensee may sell surplus authorized birds for food, provided that all birds are packaged individually, and all packages shall bear labels clearly identifying the contents, and the name and address of the licensee, or they may be sold live to other authorized permittees, or they may sell the same to individuals for their personal use within 48 hours. A complete record of the sale shall be maintained for each such disposition.
- 7) **RECOVERY OF BIRDS:** The licensee is authorized to recover pen-reared birds within the confines of the regulated Shooting Preserve area, or on other property owned or leased by the licensee, contiguous to the Preserve.
- 8) **SHOT REQUIREMENTS:** Non-toxic shot is required for the taking of waterfowl on shooting preserves.
- 9) **FACILITIES:** Birds and animals raised under a permit for propagation purposes must be confined in a sanitary escape-proof enclosure. Such enclosure shall be open to inspection by representatives of the Department at all times (4 VAC 15-290-50).

10) **SUNDAY HUNTING:** It shall be unlawful to hunt pen-raised game birds on Sunday on controlled shooting areas in any county or city which prohibits Sunday operation by ordinance.

11) **SHOOTING PRESERVES SEASON DATES AND BAG LIMITS:**

- a) **SEASON:** September 1 through April 30
- b) **BAG LIMIT:** There shall be no daily bag limit on game birds

II. MALLARD TOWER SHOOT PROVISIONS

Definition of a Mallard Tower Shoot: A tower shoot for captive-reared mallard (*Anas platyrhynchos*) ducks is an activity on a licensed shooting preserve where captive-reared mallard ducks are released from a designated station and are shot on the preserve the same day of the release. Birds shall not remain free-ranging in the environment.

Conditions:

- a) The tower shoot for mallard ducks must be confined to the preserve boundaries.
- b) All ducks must be held in captivity in an escape-proof enclosure until released for shooting. Ducks cannot be free-ranging. All ducks live and dead must be retrieved the day of the release.
- c) All ducks must be right hind toe clipped.
- d) Ducks cannot be hunted over bait.
- e) Ducks cannot be used as live decoys.
- f) The permittee shall immediately notify the Department of any duck diseases or mortalities that occur. This should be done prior to the ducks being released. They can send the notification to Collectionpermits@dgif.virginia.gov or leave a message after hours at 804-367-5415. The notification must include contact information for the breeder the ducks were purchased from.
- g) A written log must be kept daily with Hunter names, Address, Hunting license number, Date Hunted, Number taken, species and tag/band number for game taken. All records must be retained for the previous two years.
- h) A written record of the number of mallard ducks released, release dates and daily harvest must be reported to the VDGIF report form by May 30th each year.

III. GENERAL PROVISIONS APPLICABLE TO ALL PERMITS:

1) **OTHER LAWS AND REGULATIONS:** This permit does not absolve the permittee of any responsibilities or conditions of any other federal, state, or local laws and regulations.

2) **COMPLIANCE/VIOLATION/REVOCAION:**

A. Regulation 4 VAC 15-290-130 states that a permit holder shall comply with all terms and conditions of any permit issued by the Department of Game and Inland Fisheries pursuant to Title 29.1 of the Code of Virginia and the regulations of the board pertaining to hunting, fishing, trapping, attempting to take, possession, sale, offering for sale, transporting or causing to be transported, importing or exporting, propagating, exhibiting, and rehabilitating of any wild bird, wild animal or fish. The penalty for violation of this section is a Class 3 misdemeanor unless another penalty is specified. Further, any violation of state or federal wildlife laws related to the permitted activities by the permittee, his/her agents or employees, or guests will constitute a violation of the conditions of the permit.

B. As provided by 4 VAC 15-30-5, failure to comply with the provisions of a permit may result in the revocation or suspension of the permit for a period up to but not to exceed five (5) years. Any person whose permit is revoked, or suspended may appeal that decision in writing, to the Director, Department of Game & Inland Fisheries, P O Box 3337, Henrico, VA 23228-3337.

3) **RENEWALS:** Regulation 4 VAC 15-30-7 states that provided that the issuance of a permit renewal has been delayed past the expiration date of the permittee's previous permit at no fault of the applicant, the permittee may continue the specific activities authorized by the expired permit until the Department has acted on such person's application for renewal. To qualify for this allowance, applicants must submit a completed renewal application to the Department at least 30 days prior to the expiration date of the permit. The Department may deny renewal of a permit to any applicant who fails to meet the issuance criteria set forth by the Department. Renewal applications will be mailed approximately two months in advance of the permit's expiration date.
