

VIRGINIA WILDLIFE

Submission Guidelines for Writers

Virginia Wildlife magazine is published bi-monthly by the Department of Game and Inland Fisheries, an agency of the Commonwealth of Virginia. We publish articles on hunting, fishing, boating, wildlife habitat, game and fish recipes, hiking, camping, outdoors safety and ethics, natural history, and environmental stewardship/education.

- All articles on boating, hunting, fishing, trapping, and Dept. of Game and Inland Fisheries activity must stress safe and ethical practices and a respect for wildlife and the outdoors. It is the author's responsibility to make sure that his/her article adheres to current state and federal fishing, hunting, trapping, and nongame regulations, as well as the appropriate use of the following: blaze orange/pink in all hunting seasons (except dove and waterfowl); safe handling of firearms; safety belts and harnesses in tree stands; protective ear and eyewear. We require that life jackets or inflatables be worn on the water when people are in boats.
- All writers, photographers, and artists must adhere to these requirements; photographs will be accepted accordingly.
